## Headmistress Message

Dear Parents,

Greetings!

“Education is not the learning of facts, but the training of the mind to think”.

We, at Unicent aim to create an atmosphere of reverence for education and a healthy environment where academics, sports and other co-curricular activities mould our students and spur them on to be the brightest and the best. We therefore provide unrelenting effort in mentoring and metamorphosing these uncut diamonds into finer gems.

The role of our school is not only to pursue academic excellence but also to motivate and empower the students to be lifelong learners, critical thinkers and productive members of an ever changing global society. Our School is well aware of the importance and significance of different stages of students’ life and the activities of the school are planned to identify and nurture their inherent talents. The Teaching and learning process is mainly child centered and targets to prepare every individual for their career and to acquire adequate life skills. The school activities are planned and prepared meticulously giving equal importance to academics and activities which are vital for the five developments viz Physical, Social, Emotional, Intellectual and spiritual. These activities are strategically implemented to ensure the overall development of the students.

Our staff dedicatedly follows the motto of “explore, research and achieve” in their quest for excellence. It is because of their selfless and relentless efforts that the school has reached majestic heights. We feel proud to express that the school is performing extremely well in all the aspects and assure every parent that we will continue this approach even in the future.

Yours Sincerely

Mrs. Lakshmi Koduru

## Achievements

- We are honoured to announce that UNICENT school is recognized as the **best innovative curriculum school** in Hyderabad by Times Education 2020.
- Our director Mr. Gopi Datla has been honoured with the **exemplary covid-19 pandemic Eduleader award** by Education world.

# JULY

'Red Day' was a wonderful learning activity to help children understand the concept of Primary Colours. The virtual celebration was a wonderful learning activity that helped children to sort and classify objects based on colours thereby reinforcing cognitive skills...

# AUGUST

- With an objective to create and educate children about the importance of the colour green and consumption of fruits in regular diet, the youngsters of kindergarten we have celebrated Fruit Day and Green day.
- To enhance child's communication skill development, creativity and make them open to new ideas. Story Telling Session and recitation competition was conducted.
- Raksha Bandhan was celebrated virtually to let children understand the bonding between brother & sister..Krishnashtami Special Assembly was celebrated to let our tiny tots know the importance of our culture and traditions.

# SEPTEMBER

**Vegetable Sandwich Day** was celebrated to inculcate healthy food habits. Sandwich Day was celebrated in a virtual classroom where tiny tots learned how the green vegetables can be used in a nutritious and delicious way wherein children had loads of fun preparing tasty sandwiches of their own style.

To create the cognitive link between visual clues and words which is an important part of a child's holistic development Yellow Day was celebrated.

# OCTOBER

**Vegetable Salad Day** was celebrated with an objective to create and educate children about the importance and consumption of fruits and vegetables in regular diet.

**Dussehra** was celebrated virtually to let children know the Indian culture and traditions... Children all dressed up in traditional attire..
